

SAM JACOB SAJAN
B.Tech. - Computer Science & Engineering
Ph: +91-8891119816
Email: samjacobsajan.b23cs1159@mbcet.ac.in
Thiruvananthapuram, Kerala, India

KEY EXPERTISE

C Python Java Machine Learning EC2 S3 SQL PostgreSQL Virtual Private Cloud Blockchain Gaming
Financial Analysis Business Strategy Business Operations Ecommerce Digital Marketing

EDUCATION

Mar Baselios College of Engineering and Technology (Autonomous) 2023 - 2027
B.Tech. - Computer Science & Engineering | CGPA: 8.29 / 10

The Emirates National School, Sharjah 2023
12th | CBSE | Percentage: 78 / 100

The Emirates National School, Sharjah 2021
10th | CBSE | Percentage: 87 / 100

INTERNSHIPS

ICT Academy, Kerala 02 Jun, 2025 - 12 Jul, 2025
Amazon Web Services Intern
the academy helped us to know more about Amazon web services and understand how its components such as EC2 and S3 works and how these can be implemented in real time business and personal applications, and we were evaluated based on our performance

PROJECTS

1. Silent Alarm Band with IoT Integration

Mentor: Mrs. Jisha Jose | Team Size: 6

Key Skills:

IoT Development Embedded Systems ESP8266 Programming Cloud Computing AWS ThingSpeak
Sensor Integration Data Monitoring and Analytics

Developed a wearable IoT-based silent alarm system using ESP8266 microcontrollers and MAX30102 sensors. Implemented vibration alerts, cloud-based alarm scheduling, wake-up activity logging, and real-time health monitoring through heart rate and SpO₂ tracking. Integrated cloud services such as AWS IoT and ThingSpeak for remote monitoring and data management.

Eye-Tracking Reading Assistant for Accessible Web Reading

Mentor: Mrs. Krishna L | Team Size: 4

Key Skills:

Web Development HTML CSS Javascript Computer Vision MediaPipe UI Development
Accessibility Engineering

Developed an accessibility-focused web application that uses webcam-based eye tracking and iris detection to monitor reading behavior. Implemented gaze calibration, dyslexia-friendly display options, personalized reading preferences, and customizable text and background settings to improve accessibility and reading comfort for users with reading difficulties.

Group Chat Application

Mentor: Mrs. Gauri Shree | Team Size: 4

Key Skills:

Java Database Management SQL Software Development Object-Oriented Programming
Client-Server Communication

Developed a Java-based group chat application to facilitate seamless communication and collaboration among users. Utilized SQL for database management and message storage, delivering a functional and user-friendly messaging platform with real-time communication capabilities.

ASSESSMENTS / CERTIFICATIONS

AWS- Generative AI Foundations

Provider: Amazon, AWS

Key Skills:

- Fundamentals of Artificial Intelligence (AI)
- Large Language Models (LLMs)
- Foundation Models
- Prompt Engineering
- Responsible AI and Ethical Considerations
- Generative AI Use Cases in Business
- AWS Generative AI Services and Tools

Gained foundational knowledge of Generative AI, including Large Language Models (LLMs), prompt engineering, foundation models, and responsible AI practices. Explored real-world applications of Generative AI and AWS services used to build and deploy AI-powered solutions.

Ethereum Fundamentals

Provider: Kerala Blockchain Academy

Key Skills:

- Introduction to Ethereum
- Ethereum Architecture and Ecosystem
- Smart Contracts
- Solidity Programming Basics
- Ethereum Virtual Machine (EVM)
- Cryptocurrency and Ether (ETH)
- Decentralized Applications (DApps)
- Ethereum Wallets and Transactions

Gained foundational knowledge of the Ethereum blockchain ecosystem, including smart contracts, decentralized applications (DApps), Ethereum transactions, and the role of the Ethereum Virtual Machine (EVM) in executing blockchain-based applications.

AI in Marketing

Provider: Coursera

Key Skills:

- Artificial Intelligence in Digital Marketing
- Customer Segmentation and Personalization
- Predictive Analytics
- Marketing Automation
- AI-Powered Content Generation
- Chatbots and Conversational AI
- Consumer Behavior Analysis
- Data-Driven Marketing Strategies

Explored the application of Artificial Intelligence in modern marketing, including customer analytics, personalization, predictive modeling, marketing automation, and AI-driven decision-making to improve customer engagement and business outcomes.

Machine Learning for Everyone

Provider: Coursera

Key Skills:

- Supervised, Unsupervised, Reinforcement Learning
- Data and Model Training
- Machine Learning Applications
- AI vs Machine Learning
- Model Evaluation Concepts
- Ethical Considerations in AI
- Real-World ML Use Cases

Gained an understanding of machine learning concepts, including different learning approaches, model development processes, and practical applications of machine learning across various industries.

POSITIONS OF RESPONSIBILITY

Samvadam Club- Operations Lead

Samvadam Club is the premier public speaking club of our college, renowned for organizing Model United Nations (MUN) conferences twice each year. I had the privilege of serving as the Director of Operations for one of these prestigious events, where I was responsible for overseeing logistics and ensuring the smooth execution of the conference.

GDGC- Outreach Team

As an Outreach Coordinator at GDGC (Google Developer Groups on Campus), I played a key role in expanding the community by connecting with students, promoting technical events and workshops, and increasing participation across campus. I coordinated outreach initiatives, built engagement through effective communication, and contributed to fostering a vibrant and inclusive developer community.

OpenLabs AI- Operations Co-Lead

OpenLabs AI is the premier Artificial Intelligence club of our college, dedicated to fostering innovation, learning, and collaboration in the field of AI and emerging technologies. As the Operations Co-Lead, I am responsible for coordinating events, managing logistics, facilitating communication between teams, and ensuring the smooth execution of workshops, seminars, and technical initiatives. Through this role, I contribute to creating opportunities for students to explore and engage with advancements in AI.

PERSONAL INTERESTS / HOBBIES

- Reading, Movies, Gaming, Karate, Networking

PERSONAL DETAILS

Gender: Male

Current Address: Mar Aprem Hostel, Nalanchira,
Thiruvananthapuram, Kerala, Thiruvananthapuram, Kerala, India

Emails: samjacobsajan.b23cs1159@mbcet.ac.in , samjacob9876@gmail.com

Date of Birth: 24 Nov, 2005

Known Languages: English, Malayalam, Hindi, Arabic

Permanent Address: Munjanattu Kripa, Karuvatta PO, Haripad,
Alappuzha, Kerala, Alappuzha, Kerala, India

Phone Numbers: +91-8891119816, +971-509163350
